MASCOT METAL

M A N U F A C T U R E R S

A welder in a silver heat-reflective suit is pouring molten metal from a ladle into a mold. The background is dark and industrial.

Introduction

Vision Statement

To create a benchmark for manufacturing company for the builder's hardware industry by providing innovative and quality builder's hardware products through continuous improvement along with providing complete customer satisfaction.

Mission Statement

To achieve excellence through research and development of high quality, well designed, convenient and safe products which will give our customers more value for money.

About Company

Striving to accomplish the objective of providing precise, reliable and quality hardware products, Mascot Metal Manufacturers was established in 1982. With commitment and dedication invested over the years, today it is not only one of the leading manufacturers but also a globally recognized exporter of various Architectural and Builders' Hardware products.

Today Mascot boasts of its expertise in variety of developments, manufacturing, finishes and packaging it can offer to its customers. Since entire processes are available in-house and are absolutely under quality check at every step, ensuring excellence in quality products. Our manufacturing facilities have been evaluated, approved and high graded by some of the largest retailers. These ratings would have been impossible if we would not have shared a common culture of openness to suggestions, culture of shared belief that quality is utmost important, and a culture of health, security and safety for the environment and workforce. Thus we have Total Quality Management (TQM)- ISO 9001:2008 certification from BSI U.K.

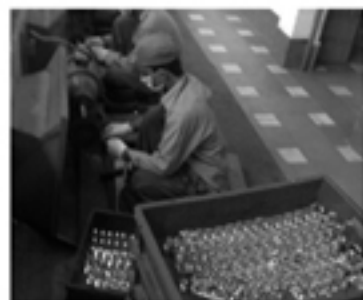

The products manufactured at Mascot are 100% exported to over 10 countries worldwide including UK, USA, and EU Nations. We have a massive 70,000 sq. ft. warehouse where we can stock your fast running lines for emergency and unprecedented demands.

Mascot additionally offers contract-manufacturing and provides product-labeling. Our marketing and design team is invariably qualified and perpetually inclined to cater custom packaging designs and ideas. Subsequently we help you enjoy the benefits of buying the superior quality products, backed by the consistent and precise standards while marketed in your own branding.

Being an OEM manufacturer we are well armed to develop and supply customized products. Our in-house R & D team can custom develop products based on drawings, samples or ideas making us mass manufacturer and mass customization solution to our customers.

We welcome all your suggestions and invaluable guidance to further improve the quality of our products and services.

Mascot Team

Our Business & Our Values

Our company values demand that we grow in an environmentally sustainable manner. We see commercial success and environmental responsibility as operating hand in hand. The sensitive way in which we work consistently receives positive recognition and acclaim.

We believe that business should play a positive role in society and we are proud of the products and services we provide. We aim to be a leader in environmental management by achieving the highest practicable standards in our services, products and operations.

By minimising our impact on the environment, we not only ensure our future growth, but also benefit the local communities within which we operate.

We have also developed standards that regulate our supply chains and procurement of natural resources.

We have taken curative actions to prevent the environment by implementing measures like:

- ✓ ETP- Effluent Treatment Plant
- ✓ Safety, Health & Environment Policy
- ✓ Periodic initiatives and campaigns to encourage Forestation and Rain Water Harvesting.

We are continually developing innovative solutions for commercial applications that are functional, easy to install and maintain, and are complimentary to the local environment. We take every effort to ensure that our products are the best available. Our environment management programme ensures that our products:

- ✓ Meet changing legislative and environmental requirements
- ✓ Are designed to offer the appropriate level of performance and durability
- ✓ Are easy and cost-effective
- ✓ Can be integrated into and compliment existing products in our range

Mascot- One Stop Solution for all OEM needs

Our customer exploits and draws on the expertise of our staff. Mascot's service support enables us to work in partnership with you to create viable and cost-effective solutions that meet your requirements.

Inspections are conducted throughout the manufacturing process to ensure compliance to environment's requirements.

Silent Features

Hardware is most certainly the jewellery of a home. It is the crowning glory of your beautiful doors, the final detail in finishing your home. A fascinating aspect of hardware is that in the most elegant of homes, the only thing you ever really touch is the hardware, making it a vitally important choice. Superior craftsmanship and finishes, timeless design, and precision engineering, will serve you well and enhance your home's value for years to come! For a detailed insight, please visit us www.mascotmetal.com.
